

CONDOMINIUM CONVERSION MOVING FORWARD

Work continues pace at transforming the Tamarack apartments into 50 condominium units at KerryHill Court. Sheila and Kirby Gallagher, proprietors of the two buildings, are shown in the model condo unit which has been dramatically renovated at the 27 Tamarack sales centre, just prior to a well-attended open house and grand opening for the ambitious venture which was held on Saturday. A broad list of renovations and improvements is in the works for both buildings, as the Gallaghers look to sign up both new and existing customers for the affordable condos, which are going for as low as \$800 per month. For more information on the project, please visit their website at www.kerryhillcourt.com.
